2.

Enclosed is a copy of the artwork submitted by my 15 year old daughter, Nancy, for the Garden State Numismatic Association convention medal. As you can see, the National Coin Week theme (Numismatics: A Foundation For Friendship) has also been adopted by the New Jersey state group for their 1984 convention theme. The 1984 GSNA medal design winner has not been announced as of this writing. Deadline is February 1st and I would assume that the judging will be done within one week from the deadline in order to have the die prepared & medal struck by June. At any rate, I thought you would enjoy seeing Nancy's GSNA medal contest entry.

As for "any ideas which you (I) might have for celebrating the event...." I think a natural tie-in would be the promotion of the Olympic coinage.

1. It certainly does draw attention to the hobby and could serve as a catalyst where future collectors may be born.
2. The Olympics definitely serve as a "Foundation For Friendship" among the athletes and their sports fans.
3. The \$10 Olympic Gold Coin was used for the coin toss at the recently concluded Super Bowl contest between the Los Angeles Raiders and the Washington Redskins. It is interesting to note that Los Angeles, host city for the Olympics, won the Super Bowl.

I'm looking forward to working with you and your National Coin Week Committee. As soon as I receive your packet of materials I will earnestly get to work.

Numismatically,

Archie A. Black
